Song and Dance

We have Song and Dance class every morning from 9:00 to 9:30. This class is a great opportunity for students to energize themselves at the start of the day and prepare for learning. A variety of songs are used that incorporate exercise and dance movements, helping students develop their motor skills, coordination, and body awareness. This fun and active routine also supports focus, confidence, and positive classroom engagement throughout the day.

Week 1 – A Whole New World

Week 2 - A Whole New World

Week 3 - A Whole New World

Thematic Activities

The thematic activities are a chance for our students to focus on learning about a country or a specific festival. The thematic activity will be once a week for one hour and the chosen subject will last for the duration of one month. This month's theme will be Summer.

Library

Once a week, the class will visit the library, where I will read aloud to the students and allow each child to choose a book to take back to the classroom for the week. This encourages independence and helps foster a love of reading. If time allows, I will also read a selection of these books to the class and ask comprehension questions to support understanding, listening skills, and engagement with the stories.

Well, that brings us to the end of this month's newsletter. Thank you for taking the time to read about the activities and learning experiences planned for your children. I hope this overview has given you a clear picture of what we are working on in the classroom.

If you have any comments, questions, or concerns regarding your child's well-being, progress, or learning, please don't hesitate to contact me through our weekly English communication book. Open communication between home and school is very important, and I am always happy to hear from you.

Thank you very much for your support and cooperation. I look forward to another fun and productive month of learning together.

Take care,
Teacher Tom
